The Jonesborough Storytellers Guild was established in 1994. We are the only storytelling guild in the United States that offers a regular storytelling venue every week year-round, except for a couple of weeks at the end of December/first of January.

The purpose of the Jonesborough Storytellers Guild is the preservation and perpetuation of storytelling, and to promote the art and craft of storytelling. It provides assistance and support for local storytellers, raises public awareness of storytelling and storytellers as a profession, and helps establish a standard of excellence by giving members opportunities to perform as well as attend valuable workshops. Since its beginning, the Guild has provided weekly story performances for the benefit of local and regional residents and the many visitors to this historic town where the national storytelling revival began in 1972.

Each Tuesday you will find the Guild's Performing Members telling stories from 7:00 to 8:30 pm at the International Storytelling Center on Main Street, Jonesborough.

If you would like to sponsor one or more of our storytelling venues, please fill out the form below and mail it with your check (made out to JSG) to:
